

## G-I-N North America

As one of the Guideline International Network's regional communities, G-I-N/NA enhances and promotes relationships between G-I-N and the North American guideline community, interacts with other G-I-N regional communities and workgroups, encourages membership in G-I-N.

### Aims and Objectives

1. Provide a network for North American guideline users, developers, and other stakeholders to form partnerships and discuss regional guideline issues
2. Facilitate partnerships, collaboration and ongoing information sharing through educational webinars, regional training conferences, social media opportunities and special events
3. Improve the effectiveness, rigor and efficiency of guideline development, adaptation, dissemination, implementation and performance measurement
4. Enhance and promote relationships between G-I-N and the North American community
5. Interact with G-I-N groups to encourage feedback and avoid duplicating efforts

### Activities

A highly attended, monthly webinar series, co-sponsored with Kaiser Permanente, was launched in January 2012, followed by the two-day E-GAPPS (Evidence-based Guidelines Affecting Policy, Practice, and Stakeholders) conference at the New York Academy of Medicine (NYAM) in December 2012 (link to materials <http://tinyurl.com/j4fo2fu>). Today G-I-N NA remains vibrant with monthly webinars hosted and plans a second E-GAPPS conference for March 2-3, 2015, also cosponsored with the New York Academy of Medicine's (NYAM) Section on Evidence-Based Health Care. The NYAM Section on Evidence Based Health Care is the approved secretariat of Guidelines International Network North America.

Requests for information about G-I-N NA can be sent to [ebmny@nyam.org](mailto:ebmny@nyam.org) or via 212-419-3610.
